

SMITH-PIXLEY CEMETERY
Green Township
Scioto County, Ohio

Smith-Pixley Cemetery is at the end of a lane just east of Lambry Subdivision, Green Township, Scioto County, Ohio. The stones are near the Ohio River's banks, and the cemetery's location is shown on topographic maps. The earliest burial is dated 1821. The stones are all in a row, about 3-4 feet apart, in very good shape, all standing. All stones are of the same design, and some have similar footstones. The area is grown up with weeds: stones lying on the ground, may have been covered over and missed. Inscriptions were copied May 25, 1980 by Caryn R. Shoemaker, CGRS.
